

Welcome

Welcome to Princeton Alliance Church.

On Father's Day, we looked at why David was called a man after God's own heart. No one earns such a title. It comes through a path of grace, surrender, obedience and struggle. This summer we are taking eight weeks to discover that path. We will look at eight Psalms David wrote to uncover his raw path of redemption with the purpose of relating that path to our own.

This is a great series for the summer as each week is a self-contained lesson. But if you manage to get all eight, your growth curve could be amazing.

Take out a pen. Our next stop is Psalm 35 & 55.

THIS WEEK'S HOPE.

Daniel is 10 years old and has been battling bone cancer for the past year. His parents have taken time off to support him through surgeries, chemo and radiation as he fights for his life. Not surprisingly, this has also taken a huge toll on them financially. To make things worse, the family car broke down and caused them to miss some of Daniel's crucial appointments. Thankfully, they called us; and thanks to your donations, HCWC | CARS was able to provide them with a car and assist them with their rent. As you give to the HCWC | CARS Ministries, know that your gifts are making a critical difference in the lives of hurting families.

GIVE.

HCWC Back to School Event Touch the life of a child in need by blessing them with new clothes, shoes and school supplies. Bring your children along to help with the shopping. You'll be glad you did! Visit the HCWC kiosk for more information.

PRAY.

- Pray for the children & students who will be attending camp this week that God will prepare their hearts for what they will see and hear while at camp.
- Pray for the families from our community who will take a closer look at PAC that seeds will be planted for them to know God.
- Pray for the Thailand missions' team preparing for their August 4 departure. Pray that they will adjust easily to the different culture and climate. Pray for God's protection on their family's life, on their team working with other missionaries and on their relationships with key local people and authorities.
